EDUCATION

University of California Santa Barbara (UCSB)
B.S. Electrical Engineering

Sep 2021 - Jun 2025

Santa Barbara City College (SBCC)
Dual Enrollment

Sep 2018 - May 2021

EXPERIENCE

Juni Learning
Computer Science Instructor

Mar 2022 - PRESENT

Teaching Python, Java, and general programming fundamentals to K-12 students

The Bottom Line
Web Developer

May 2022 - PRESENT - *https://thebottomline.as.ucsb.edu/*

Web Developer for student-run newspaper

Maintain and update website in WordPress

Dos Pueblos Engineering Academy

Sep 2017 - Jun 2021 - *https://www.daniilgolenchenko.com/dpea*

Created multiple capstone engineering projects using:

Arduino, SolidWorks, circuitry/soldering, and a machine shop

Stay Home Math Competition

Apr 2020 - *https://andrewqin.com/shmc/*

Web developer for online math competition for K-12 students

Projects

Arduino Game Device

Jan 2022 - Mar 2022

Assembled and programmed game console using Arduino C and the Adafruit GFX library

Browser Card Game

Aug 2020 - https://www.daniilgolenchenko.com/fool_game/

Recreated popular card game in the browser with HTML, CSS, and vanilla JavaScript
